## About JTPL

The foundation for the start of Jasmine Towels was laid way back in 1994 by Mr.Nayan Mulji Thakker who was a trader. He was very successful in his business and was looking for new ways to grow. Post this, in1979, the parent company Enkay Enterprises was started. Later, Jasmine Towels was established in 1994 at Madurai.

We have been a highly quality conscious company involved in the process of converting raw cotton into textiles and then making an array of finished goods from them that includes of paid.

## Quality textiles loved across the globe!

At Jasmine Towels, like our name, we spread our fine fragrance of quality textiles across the globe. Our passion for what we do has moved to be us a renowned name in the world of textile exports with a clientele in countries like the USA besides a domestic clientele.

Headquartered at Madurai, Tamilnadu in South India, we have two state-of-art factories located at Madurai and Sivagangai and from spinning raw cotton into yarn to making the finished products, we have the infrastructure and workforce to meet bulk requirements.

Quality has been the cornerstone of our brand and this philosophy pervades every corner of our plants. We have been recognized as a star export house by the Government Of India and have ISO Certifications as well.

## About us

### Mission

- To be the bridge between the team, talent and customer.
- To build a long-term relationship with customers and provide exceptional and optimal quality solutions with consistency.
- To invest on solar power for a minimum of 75% of our consumption to reduce our carbon footprint.
- Investing in better technology for machines, chemicals and process that will reduce the water consumption from time to time.
- To provide a cost effective solution while manufacturing the products.

### Vision

- To increase the sales in domestic and international markets.
- To reduce the carbon footprint.
- Our commitment to reducing water consumption for processing the product.
- Empowering people and bring out their hidden talents through teamwork and growth to satisfy the customer requirements.

### A wide range

We deal with Towels, Blankets, Bath Blankets, Thermal Blankets, Bed Covers, Aprons, Yarn, Gloves, Barmops, Pillow Covers, Potholders, Gloves, Mats, Wipes, Protectors, Duvets and Fabric for the lower and mid-segment. Though affordably priced, there is no kind of compromise on quality.
